2018

International Professor Innovative Program

A century-old leading Russian school of economics and finance offers jobs to the best professors and world-class lecturers!

The **goal of the InterProfProject is to significantly improve the quality of education at the Financial University** by engaging high-class international professionals into teaching courses of high demand **in English**.

Educators widely recognized in the academic community who have extensive teaching and research experience, remarkable research and publicistic works, can significantly improve the students' theoretical knowledge.

International

Professor
