Dear students,

As you read this letter, you are going to experience an amazing journey full of excitement and uniqueness.

With a strong desire to get connected with universities in the world, Liaoning University works to offer diversified activities, academically and culturally in which faculty staff and students of our partner universities can exchange and interact.

The summer camp, as part of our efforts, aims to provide the international students with immersive learning and experience based on an array of diversified activities, which may include:

- Courses on Chinese language & culture;
- Courses to experience Chinese folk customs in person;
- Courses to conduct in-depth discussions with scholars on an array of professional topics;
- Courses where you can acquire unique insights about China from top-level experts within LNU;
- Field visits to architectures & buildings with modern & traditional elements;

We are excited to meet you in Shenyang to jointly embark on this journey together!

Sincerely yours,

Professor Miaojie YU

President, Liaoning University

Fellow, International Economic Association (IEA)

Deputy, National People's Congress, China
